

Social Studies Curriculum Intent – Business Studies

At Queen’s Park High School the Business Studies curriculum is designed to fulfil the schools core vision; ‘Inspiring Individuals, Empowering Minds, Defining Futures.’

Inspiring individuals

- Provide a broad and balanced curriculum which enables students to gain knowledge and understanding about the dynamic world of business.
- Provide opportunities for students to develop a love of learning via providing insights into different businesses to enhance their understanding of how businesses operate in the real world.
- Enhance students’ knowledge of the global business environment so that they have an understanding of global strategy and operations.

Empowering minds

- Develop analytical skills including logical reasoning, critical thinking, communication, research and data analysis so that students are able to thrive in the wider world of work.
- Put subject specific vocabulary, reading and literacy at the heart of the curriculum so all students can read, write and speak with confidence.
- Encourage students to be curious about the dynamic business world around them via research, promoting discussion and through asking questions.

Defining futures

- Ensure students have the knowledge and skills to make informed choices about their future options linked to studying Business related subjects.
- Encourage students to become lifelong learners and enter careers linked to business related subjects.
- Prepare students for life in modern Britain and the wider world through providing the knowledge and skills required for life in the world of work.
